Airport Pet Clinic offers a **Puppy / Kitten Package** for your kitten or puppy under 5 months of age and expires at 1 year of age. This prepaid program will save you money and provide excellent care for your pet during the most vulnerable months of its life. Here is how it works:

1. There will be **one initial health examination by a doctor** at Airport Pet Clinic. One additional recheck exam is included if the issue was presented during the initial exam, but must be done before your pet is 6 months old. *All subsequent visits will be performed by a tech unless owner elects to have their pet examined by a doctor (charged at the regular exam fee).*
2. The program includes the following vaccines and boosters (deemed as needed)
 - a. puppies: 4 x DA2PP, 2 x Bordetella, 2 x Leptospirosis, 2 x bivalent CIV, Rabies
 - b. kittens: 3x Purevax FVRCP, 2x Purevax FeLV, Purevax Rabies
3. 1 fecal examination done at external lab (IDEXX)
4. Puppies will get a 4DX (incl heartworm test) at 7 - 9 months of age; kittens will get a FIV / FeLV / HWT tested before the first vaccination.
5. Microchip implantation with pre-paid registration. *Additional fees required for the microchip (if any) will be the owner's responsibility.*
6. A one month supply of heartworm and flea + tick + intestinal parasite preventive.

This contract is between Airport Pet Clinic and the aforementioned pet and the aforementioned specified client. It cannot be transferred. It is the client's responsibility to come in for subsequent vaccination appointments. If a client misses vaccine doses, additional charges may apply for make-up vaccination boosters. Payment plans or carecredit cannot be used to pay for this package as discounts are already applied to the package. Payment must be made in full at the time of the first visit of the puppy + kitten. The package cannot be retroactively applied to a patient.

At normal prices, the services included in the package would be about \$500(puppies) and \$280 (kittens)! Your price for the package is \$392.88 (puppies) and \$234.33 (kittens)

I have read and understand the agreement and wish to purchase a Puppy/ Kitten Package for my pet
